

Position: Member of the Clean River Partners' Board of Directors

Background: The Clean River Partners' Board of Directors (Board) provides organizational leadership, direction, and oversight to help carry out and achieve Clean River Partners' core mission. The Board is legally, fiscally and ethically responsible for all activities of Clean River Partners.

Qualifications: Be a current member of Clean River Partners. Live, work, or recreate in the Cannon River Watershed. Support the mission of Clean River Partners.

Duties:

- 1) Carry out the responsibilities of the Board of Directors which includes:
 - a. Provide oversight of Clean River Partners and the Executive Director to ensure that Clean River Partners activities are conducted in an ethical and fiscal manner and in accordance with all applicable rules, statutes, and regulations.
 - b. Develop and provide direction to the Executive Director regarding the strategic growth and development of Clean River Partners' programs and activities.
 - c. Provide oversight of the Executive Director and ensure that existing and proposed Clean River Partners programs, grants, contracts, and activities align with and support the organization's mission.
 - d. Ensure that financial, personnel, and other resources are used wisely to carry out the work of Clean River Partners.
 - e. Review and approve organization's annual budget, annual operation and work plan, financial statements, minutes, reports, policies, and procedures.
 - f. Engage stakeholders to communicate the work and mission of Clean River Partners to grow membership, encourage financial support of Clean River Partners, and inspire people and organizations to value, protect, and improve the Cannon River Watershed's land and water.
 - g. Recruit and help develop the new members of the Board of Directors.
- 2) Attend and participate in Board meetings (online), general membership meetings, and Clean River Partners events and activities.
- 3) Serve on at least one Board committee.
- 4) Serve a three (3) year term.
